

The Longest Night

A Service of Remembering

Friday

21st

December

2pm

We acknowledge that Christmas is not a cheery time for everyone.

We create a sacred space for people living through dark times and to acknowledge that despite all the glitter and busy-ness, that the first Christmas was one of uncertainty, displacement, loneliness and challenge.

The service is reflective, accepting, and holds out healing and hope.

Join us on the longest night of the year, at the solstice to find a place of peace and healing at this symbolic time.
